AGILE CONSULTING FOR THE ENTERPRISE

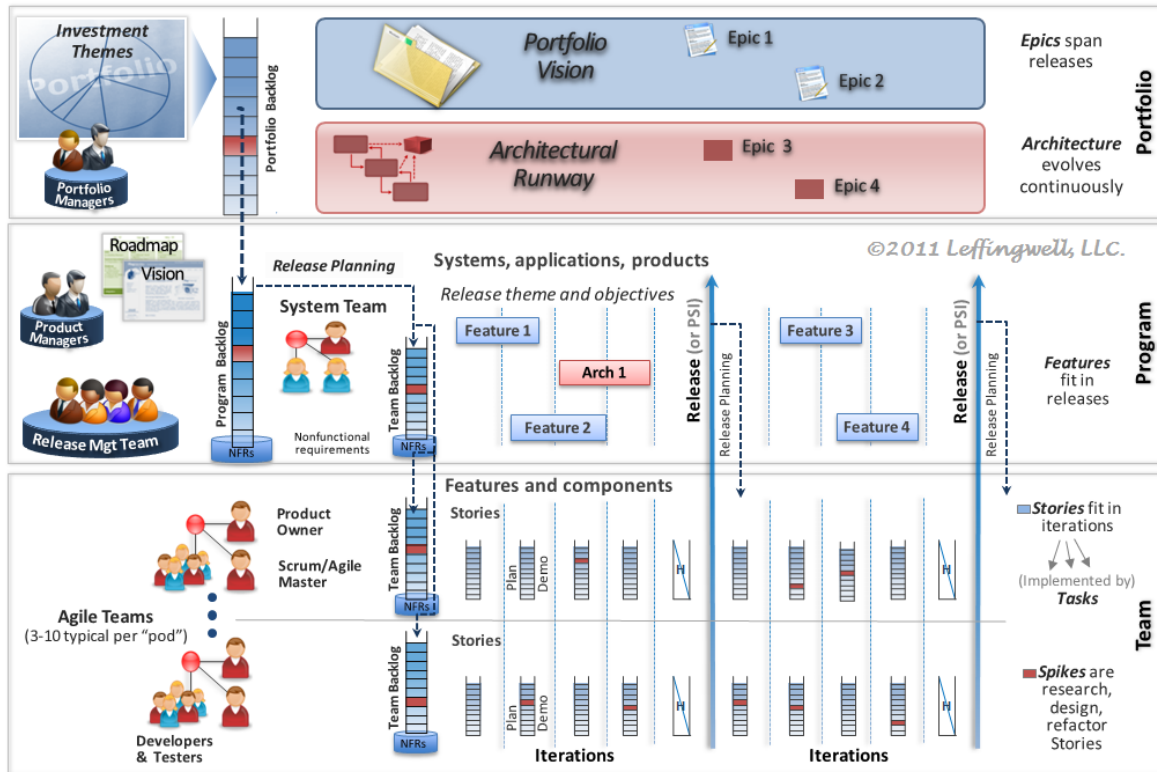

## Agenda

---

1. What is the Agile Release Train?
2. What is the Release Train Planning Meeting?
3. What is the Role of the Release Train Conductor?'

***Questions will be put in the parking lot and answered offline after the 10 minute presentation***

# ➤ What is the Agile Release Train (ART)?

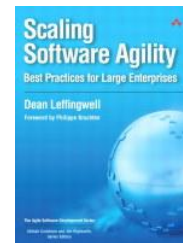

See *Agile Software Requirements: Lean Requirements Practices for Teams, Programs, and the Enterprise* and [www.scalingsoftwareagility.wordpress.com](http://www.scalingsoftwareagility.wordpress.com)

## The Agile Release Train (ART)

- ART is a scaling model for enterprise Agile programs
- It synchronizes the vision, planning, interdependencies, and delivery of many teams
- Pioneered by Dean Leffingwell

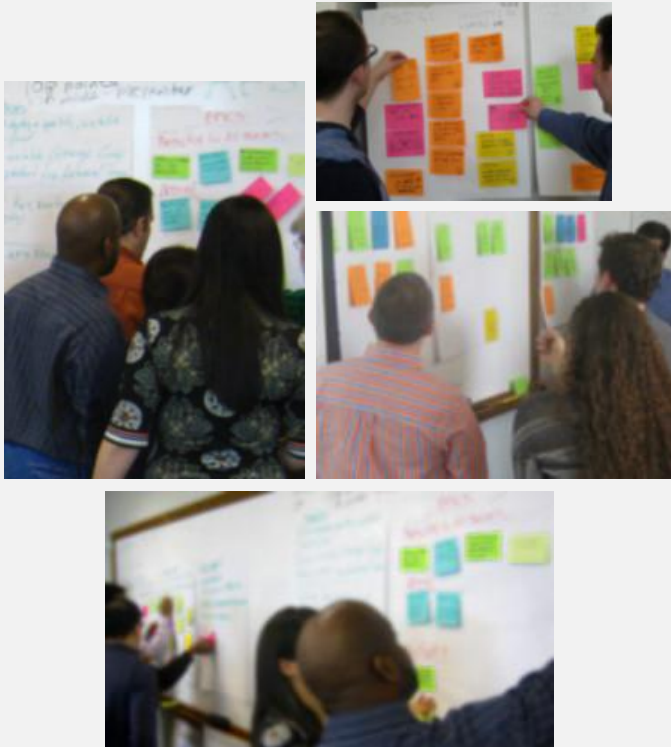

For more information:

<http://scalingsoftwareagility.wordpress.com>

## ➤ What is the Release Train Planning Meeting?

The key to the Agile Release Train is the Release Planning Meeting. But how can an event with 100+ people be managed?

### A well-run Release Train Planning Meeting has...

- A well-formulated business and architecture vision
- Team pre-planning
- Clear team outputs
- Clear program outputs

...and a structured agenda run by the Release Train Conductor!

 **Thanks You!**
